

IOTA PHI LAMBDA SORORITY INC.

NEW

First mobile application

Iota Chapter Search App.

IMMEDIATE RELEASE

Iota Announces Its First New Mobile Application

Washington, D.C.- Sorors, Pelati, Men of Iota, Family and Friends are encouraged to utilize this new application. It is with extreme delight that I announce the launch of Iota Phi Lambda SorORITY Inc. first mobile application, the *Iota Chapter Search App*. This app was created by Soror Donna Mitchell, Epsilon Chi Chapter and MOI Harry Mitchell.

The purpose is to enhance the social media connections and sisterhood of all chapters throughout the U.S. and Virgin Islands. This application is currently available for android phones ONLY. The application for the iphone is currently being finalized and will be available soon. Notification will be emailed upon its availability.

The application is free and open for public use. Using your android phone, please download the app and have them provide a review on the google play store.

To download the application follow the below instructions:

Go to: <https://play.google.com/store/apps/details?id=dev.harrymitchell.iotachaptersearch>

Click the 'install' button and follow the directions

If you experience any issues, need to add your president's photo, or need to update your chapter information please contact Soror Mitchell at donnabraincoach@gmail.com
